WORK EXPERIENCE

- Video Editor (Independent Contractor)** 2024 - 2025
Content With Purpose UK
 Editing purpose-driven videos (environment, health, society) for a diverse range of clients, including universities (Kingston, King's College London, UCL, NUS, Plymouth, Queen's Belfast) and businesses (Finance Earth, GFI, FAIRR, AtkinsRealis, SRK Consulting, Haier Biomedical, Ori Biotech). Collaborating within a twenty-person team.
- Freelance Video Editor** 2022 - 2025
UpWork
 Provided video editing services to international clients (Norway, Portugal, USA, etc.) creating diverse content ranging from short-form social media videos to long-form presentations and producing engaging thumbnails.
- Videographer / Video Editor / Photographer** 2011 - 2022
Worldvespa
 Contributed to global Vespa culture for 10+ years through photography, videography, and video editing. Key contributions include graphic design, mapping, and layout for the "Rice and Dirt: Across Africa on a Vespa" book (print & ebook).

EDUCATIONAL BACKGROUND

- DaVinci Resolve Certified Colorist** 2025
Blackmagic Design
 Completed Blackmagic Design's official online training and passed the Brillium certification exam with a 90% score, demonstrating mastery of advanced color grading techniques. I specialize in delivering cinematic looks, precise color correction, and creative grading for any project.
- Short Film Production** 2024
Wrapped in 30 days by Standard Story Company
 Intensive program designed to guide participants through the complete process of creating a short film within 30 days, from concept to final cut.
- Film Directing** 2022 - 2023
Art Renegade
 Completed a year-long, hands-on filmmaking program at Filmschool.gr, focusing on directing, producing, and editing short films and documentaries, from concept to final product.
- Automotive Mechanics Studies** 2011 - 2013
IEK Neapolis GR
 Completed two years of practical training, focusing on the maintenance, repair, and diagnostics of cars and motorcycles, developing hands-on expertise in automotive mechanics.
